

At Target Safety Services Ltd., we use our knowledge, leadership and commitment to safety to ensure a safe and productive work environment for our clients and staff. We are a full service safety company supplying safety personnel and equipment to some of the most progressive and safely operated companies in the Oil and Gas industry.

We are currently adding safety professionals, safety trainees and experienced safety rescue personnel to our team. Due to unprecedented growth in all areas we are currently seeking the following safety personnel:

- 1. Project Administrators** - Data entry experience required. Experience with Simply Accounting and Excel an asset. Use Reference # 11-02-01-Admin
- 2. Safety Supervisors** - Senior and Junior. We are actively seeking fully qualified senior safety supervisors capable of supervising large projects and turnarounds. Qualified junior supervisors will be included in our in-house safety training programs and be eligible for progressive promotion. Use Reference # 11-02-02-Sup
- 3. Safety Trainees** - People with a desire to lead safety on the work site and willing to participate in our comprehensive safety training program are encouraged to apply. Basic Oilfield tickets are required to be considered for this position. Use Reference # 11-02-03-trainee
- 4. High Angle and Confined Space Entry Rescue Personnel** - Must be willing to continuously train to hone your skills. You must also be prepared to work as a team member both on and off the worksite. Use Reference # 11-02-04-Rescue
- 5. Safety Equipment Quality Control Technicians** - Experience in the repair and maintenance of breathing apparatus and gas detection is a requirement to be considered. Use Reference # 11-02-05-Techs

In return for your commitment, we offer a highly competitive compensation and benefits package, combined with long term career development. We are currently offering the following positions at these operating centres: Lloydminster, Bonnyville and Red Deer.

Target Safety Services Ltd. builds and fosters an environment that takes pride in working safely in a team environment and is managed through effective leadership. We are committed to providing continuous training and we support a substance abuse free workplace.
